

Dear Participants, Parents, Fans, Referees, Scorekeepers and Board Members,

We , the NYBA are pleased once again to open the NYBA season effective August 3, 2013. Registration is open for preferred assignment from August 3-Sept 30. Effective Oct 1, any late registrations will be assigned to teams based on opportunities to be placed on teams with a need of additional players. We are also pleased to announce that there are no changes in fees from the 2012-2013 year.

We encourage all fans of the NYBA participants to attend the games to cheer on the young men and women of both teams as they participate and enjoy their moments in the spotlight.

This is not Select Basketball or AAU. It is about recreational basketball for boys and girls in the Northshore School District from grades 3-12 that enjoy the sport and wish to have an opportunity to participate at the recreational level.

I am excited for the new year of NYBA basketball and excited to invite all of you to participate in one of the greatest recreational opportunities for the children of the Northshore School District.

See you on the court or courtside,

Rich Mason

President, NYBA
